I love these coasters and so do all my kids. I am a father of 8. Yes I know 8. I love them. Do these designers have any other items available?

The shipping of our order was prompt. The texture of the product, rubber, is comfortable to use. The colors are bright and the designs FUN!! My grandchildren fight over them.

These coasters are great! Our house is overflowing with toys but this is what the kids always want to play with. They use them to make menus and play restaurant and we keep our coffee table clean at the same time. Makes for great hostess gifts and holiday gifts!!
